

Guaranteed Savings Service Contract

Earthwide is offering a 12-month Energy Service contract to reduce your building's energy and water costs, and use savings to finance the improvements.

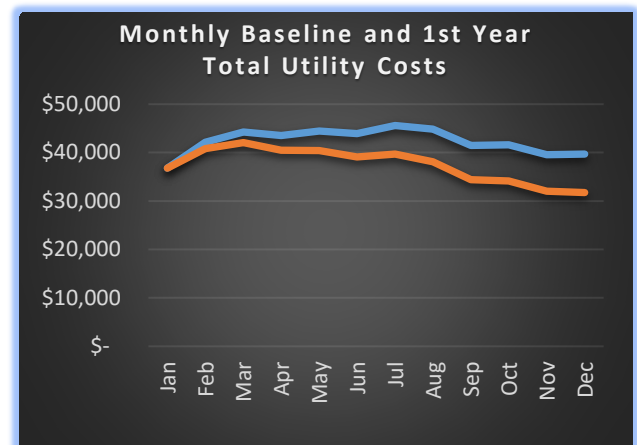

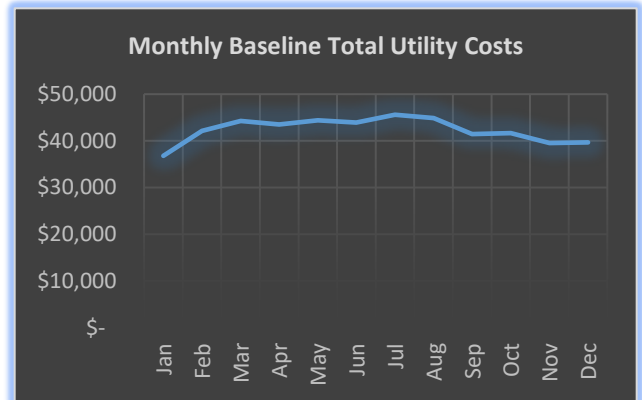

We will work with you to establish your current monthly energy and water costs, to serve as the baseline

All you pay is a monthly fee equal to 5% to 10% of your current baseline. We will use that fee to implement low cost energy upgrades in your buildings right away.

Guaranteed 1.0 year return on investment (ROI)

If after the first 12 months we haven't saved you at least the amount of our fee, we will refund you the difference. That's the Guarantee.

- ▶ **Example: Medium size building**
- ▶ **\$525,000 Baseline utility costs (electric/gas/water)**
- ▶ **Fees 10% of baseline (\$4,375/month)**
- ▶ **1st year savings \$42,000 Guaranteed**
- ▶ **Future savings locked in with no additional fees**

Additional Services Offered

- ENERGY AND SUSTAINABILITY MASTER PLANNING
 - CO₂ REDUCTION PLANNING
 - ENERGY ASSESSMENTS AND CONSULTING
- REAL TIME ENERGY MONITORING AND DATA ANALYTICS
 - PROJECT MANAGEMENT
